

Poinsettias for Parrots!!!!!!

Christmas is on its way.....Greyhaven will be participating in the DeVry Poinsettia fundraiser again this year. We almost raised \$1000 last year even though we were a bit late in getting started. The price per plant will be the same - \$12.00 each (you have a choice between pink, red and creamy white). You can also order a "**Snowman Pick**" as a decoration to be put into your plant for another \$2.

- You can place your order directly through this link
<http://greyhaven.plants4nonprofit.com>
- Payment must be received in full prior to your order being placed. Your payment can be made through Pay Pal.
- You can pick-up your plants on Saturday Nov. 21st at the Cloverdale Horseshoe Club, 17886 64th Avenue in Surrey, B.C.
Between 3:00 and 5:00 PM. We are sorry but we are not set up to deliver the plants directly to you.

Fact: Did you know that poinsettias in the wild can grow up to 12 feet high. Red is the most popular color, accounting for roughly three quarters of all sales!!
Please spread the word

to your work
colleagues, friends, and family and please tell them with the purchase of these beautiful poinsettias they will be helping a remarkable organization to continue to do great work. Greyhaven rescues, rehabilitates, and re-homes companion birds from little finches to large macaws. When we see poinsettias we automatically think of Christmas. Why not also see the vivid beauty of parrots in their leaves?
